

# Power strip Tier 2 SAFE LIFE

## Application

- Works with Smart Life APP / AvatarControls App
- Smart home
  - Smart office
  - Individual studio
  - Serving the life of the elderly

## Features

- Multi- motion sensor working with all types of AV equipmnt
- IR shielding (both hardware and software) technology protects from stray CFL and sunlight IR
- Advanced microprocessor that delivers superior control and high capacity analytics for better IR control and intelligent sensing
- Power monitoring real power on outlets to set threshold power setting automatic
- Adjustable Active Powerdown timer control in three lifestyle settings.
- Fast and easy installation into TV/Audio Visual environments

<b>Input Voltage/Frequency</b>	120V/60Hz
<b>Input Current</b>	Max 15A (15amps resettable circuit breaker)
<b>Surge Protection</b>	1200 Joules
<b>Cable length and Plug</b>	3 ft. heavy-duty cord, 14AWG with space-saving, angled plug
<b>Noise Filtering</b>	<40 dB
<b>Standby Power Consumption</b>	Below 1W at all times
<b>Outlets</b>	2 Always-on outlets
	6 Saving energy outlets (Sensor controlled)
	Child safety covers
<b>Sensor</b>	IR remote control and motion working with all types of AV equipment
	Sensor Cord Length 8 ft.
<b>Operating Temp. (C°)</b>	32°F ~ 113°F (0~45°C)
<b>Storage Temperature</b>	14°F ~ 140°F (-10~60°C)
<b>Safety/EMC Requirements</b>	ETL/FCC
